

STORAGE DRAWERS

When are Drawers the Right Solution?

Drawers are ideal when you have a limited amount of storage space – no shelving units – and require frequent access to files. The stronger the drawers, the higher they stack and the more space you save.

Did you know?

- 95% of a documents usage occurs within the first 3 years
- Drawers can save you up to 50% of floor space and increase storage space up to 80%
- On-site record storage saves time by giving you instant file access
- On-site storage reduces handling of your records and increases control of who has access to your files.

Choosing THE RIGHT STORAGE DRAWERS
