

# TALLO MODULAR™

## 2MS Monitor Arm

### Features:

- Elevate your monitors to maximise desk space and reduce eye, neck and shoulder strain.
- Tallo Modular™ dual configuration offers effortless gas spring finger touch adjustment, perfect for adjusting and repositioning your monitor in a compact space.
- Unique slider allows for seamless monitor alignment without taking up valuable desk space.
- 270° arm swivel with 180° lock out feature to avoid collisions with walls or partitions.
- Quick release VESA plates for ease of set up.
- Stylish and sleek design with cable management to keep your workstation tidy.
