Product Lines

Bankers Box®

Bankers Box® records storage was Fellowes' first product line, and today it remains the dominant market leader. The Bankers Box® brand provides unparalleled strength and durability to ensure trouble free storage. Businesses and households look to the Bankers Box® brand of records storage products for strength they can count on.

Shredders

Fellowes, Inc. is the global leader in paper shredder design and engineering, providing the highest quality personal and general office business shredders on the market. That's why they are known as the "World's Toughest Shredders." The company is notable for inventing the personal shredder and as being the only one to offer 100 percent Jam Proof technology.

Binding Machines

How you present yourself says a lot about you so naturally you want to showcase your work in the best possible way. Fellowes' binding system gives your documents a finished, professional look.

Laminating Machines

Fellowes' line of laminating machines makes it easy to protect everything from kids' keepsakes to critical business documents. For home or business, they are easy to use and provide lasting, professional results.

Cutters and Trimmers

Cutting machines enable users to accurately trim and cut large amounts of paper in one pass and can be used to make precise cuts to shape or divide documents or projects.

Office Wellbeing

Fellowes, Inc. offers a comprehensive selection of computer accessories, including ergonomic desk accessories, input devices, space organisation products, mouse pads and more. Fellowes is also unique for being the only supplier of computer accessories that feature Microban anti-microbial product protection.

Air Purifiers

Fellowes' line of air purifiers with PlasmaTrue™ and True HEPA Filter technology help reduce the risk of illness and allergies by fighting invisible indoor air pollutants.
